About Don Bosco College

Don Bosco began BICS InfoTech in 1998 to provide quality computer education to rural youth. It aimed to improve employability through professional training in Information Technology. The institute collaborated with CDAC-Pune and IGNOU to offer diploma and degree programmes. It trained over 1000 students with a strong emphasis on English communication skills.

Most graduates achieved 100% placement in IT and service sectors. In 2012, BICS InfoTech became Don Bosco College under Thiruvalluvar University. The college introduced programs like B.Sc., BCA, and B.Com (CA), later expanding to BBA, BA English, and B.Sc. Mathematics. Postgraduate and research departments, along with the Communicative English Academy, enhanced academic quality. Modern facilities, eco-initiatives, and student support services were developed. In 2024, the college earned NAAC 'A' Grade accreditation. Today, it serves around 1200 students with a focus on education, employability, and holistic growth.
