

PARAMEDICAL SCIENCES

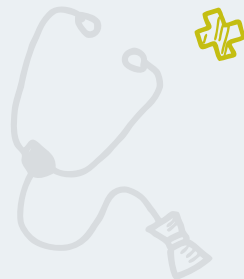

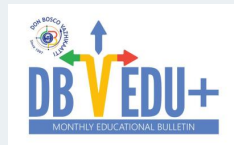

Providing life-saving care to millions of people...

COURSE DESCRIPTION

Paramedical Science deals with pre-hospital emergencies and non-surgical cases. The courses in the Paramedical field supplement and support the doctor to complete their medical work. Health care is one of the fastest-growing fields requiring trained professionals in the Paramedical sector. Without Paramedics staff, medical purposes or treatment cannot be served. Due to the increase in environmental hazards causing severe illness, there is a growing demand for health Professionals in hospitals and nursing homes. If you are interested in solving people's problems and love to help them live a smooth, happy and independent life, then the field of Para-medics will help you carve a successful career with job satisfaction.

The paramedical branch offers various degree and diploma courses to help you become a skilled paramedic and serve society better. Different options in Paramedical sciences include Nursing, Pharmacy, Physiotherapy, Optometry, Occupational Therapy, Medical Lab Technology, Ophthalmic Technology, Radiographic Technology, Radiotherapy, Cardiology, Neurology, Blood Transfusion Technology, Plaster, Anaesthesia Technology, Perfusionist, Operation Theatre Technology, Medical Transcription/Medical Record Technology, Cytology, Histopathology, Transfusion Medicine, Clinical Psychologist, Endoscopy, Community Medicine, Health Inspector, Emergency and Forensic Medicine Technology, Dialysis Technology, X-Ray Technology, Medical Imaging Technology, Ophthalmic Technology, Acupuncture and Massage Therapy Etc.
