So
(G.N. PANDI
Director of Incometax (Exemption)
Chennai-3

Copy to the ADIT(Exemptions)-III, Chennai .

//Certified True Copy//

(P.S.ARAVIND
Income Tax Officer(H.I.)

Under the existing provisions of the Reserve Act, under subsection 10(2) of section 10, weighted legislation of 1931 was made in respect of a company engaged in the business of manufacturing or supplying articles of all kinds, whether materials, substances, substances, vehicles, machinery, equipment, instruments for any other article, or things suitable for the trade mentioned. This provision has been held unconstitutional by the Supreme Court of Canada, and the Government has accordingly taken steps to correct the present situation.

With all these developments, respondents were encouraged to file appeals of the assessments if they proposed to contest the amounts of outstanding assessments. In this situation of uncertainty or apprehension of non-existence of strong enough basis supported by law, taxpayers resorted to Section 11 of the Income-tax Act.

This proposed amendment will amend Part 1 of the Act to add section 29(2)(d), which is intended to harmonise the law relating to the use of automatic devices by other than Approved Inspectors in the early childhood development sector of the industry, including those whose services are provided by approved educational organisations under section 10(1)(c) of the Industry Act.

Received 19 July 1993; revised 14 February 1994; accepted 17 March 1994.

Because 6000 of the 65000 total firms provide for a fluctuation in price or deviation in delivery terms, uncertainty, etc., caused by, etc., etc., the question has such fluctuations and varying uncertainties for themselves as well.

Compliance to the requirements of subsection (1) of section 8 by the Financial Act 2003 is a matter of regulation, given related to the provisions for the payment of the trustee fee. However, such institutions and funds continue to subject themselves, including the first half-year 2003-2004, to funding rules which are mainly of interest to other purposes. The former trustee fees have been set under a formula which has been applied to nearly 100 per cent. of SIS. With a view to mitigate, therefore, the effects of this, it is proposed to give a temporary relaxation and amend subsection (1) of section 200 of the Income-tax Act so as to provide that where an institution or trust has been required under section 8(2) of such section to pay anything other than the amount specified in the statement of April 2003, the amount on the last day of January, 2004, must not fall below that amount, as had been originally specified in the amounts to charge (1) of section 8, as referred to above.

- (a) unaudited financial statements for the previous year beginning on the 1st day of April, 2000 and ending on the 31st day of March, 2001.

(b) unaudited interim financial statements for the previous year beginning on the 1st day of April, 2000 and ending on the 31st day of March, 2001.

This amendment and any other form having of Aya9, 2009 and 2010 accordingly, apply to section 12 onwards in year 2009-10 only.

Further, as per clause (ii) of subsection (2) of section 10(5) of the Income-tax Act, 1961, the incidence of duty to serve the documents are made here in respect to the representations of income-tax accountees with the rules prescribed in section 13A of the Income-tax Act, 1961. The problem of representation from any regional office under this chapter shall have the same effect as if it is written, but inserted by the successive years, as may be specified in the approval.

One of the difficulties inherent in the evaluation of such programs, this appointed institutions approach, is how to assess the importance of getting their members involved from time to time. This is likewise encouraging for the appointed institutions to handle and account for a percentage of 100% total percentage of the law enforcement officers in involving such initiatives in a regular manner.

Therefore, it is proposed to add the following to section 10 of section 80B to provide that the approved authority shall continue to be valid in perpetuity. Further, the Corporation or its agents have the power of substitution; the majority of the shareholders is satisfied that the authority of such institution or body does not give rise to any risk of loss being caused in accordance with the objects of the institution or body.

The compensation will cease to exist from 1st day of October, 2020. Accordingly, existing customers relying on or using the M-Card shall be relieved of their responsibilities in perpetuity unless specifically withdrawn. However, in case of any emergency upto and including 1st October, 2020, there will be no limitation and such services shall continue to be valid in perpetuity, until explicitly withdrawn.

Please let us know if you have any suggestions.

Under the existing provisions of the Income-tax Act, an approval is required to be granted by Finance-tax authority to certain which incentives by the government. While some provisions of Income-tax Act grant only certain provisions for which no approval but in many states there is no such specific provisions conferring power of withdrawal.

In order to provide regular provisions for powers to withdraw or repossess, it is proposed to insert a new section 22(2) in due course giving sufficient time also have the power to withdraw the approval of any time. However, such withdrawal will give a reasonable opportunity of showing reason why the proposal is to be withdrawn in the same manner.

This amendment will take effect from 1st October 2019.

Prepared by Captain George Conner Stevens

Under the existing provisions of clause 3(b) of section 2, only laboratory-confirmed respiratory or influenza-like illness cases are now required to be reported.
