MACQUARIE

Dear Friends,

2020 was a year that challenged humanity to the breaking point, yet humanity stood firm in the hope that 2021 would be kinder to us. But no, this year brings along with it a fresh challenge in the form of a renewed, more potent and much more damaging version of the dreaded corona virus. If the vaccine that has now been released is good enough to counter the first wave, the 122 million corona vaccines released by India may not be effective enough to counter the second wave which is sweeping across the country. We need to still mask up, sanitize ourselves, maintain absolute hygiene, keep the covid protocol in social distancing and most importantly, we need to continue supporting one another to the very end.

The Holy Bible says, “This too shall pass”. Friends, faith can move mountains and what we need now is steadfast faith in God, that He will make things good in the end. Together Everyone Achieves More is the best expansion of the word ‘Team’. In 2021, if humanity is to win the battle against covid, we need to think, talk and act like a team. On our part, Don Bosco Vazhikaatti is doing out utmost best to ensure the impact of the dreaded virus is not life threatening to our staff, students and well-wishers. In whatever way we can, our humanitarian efforts have always been there in the service of humanity, especially the youth who are very confused with the uncertainty of the world we live in. Despite the pandemic, we have reached out and trained thousands of students and helped many of them find good jobs. We will continue to do our best and we appeal to everyone to continue to support us in your own way, so that we play our part in making lives a little bit better for one and all.

Praying that you and your near and dear ones are always kept safe, I wish you the best, always. Stay safe, stay sanitized, stay blessed.

Fr. Andrew Stephen Raj, SDB

SUCCESS STORY

Surya is a 20 year old young man. He had no interest in School education and was detained in 12th Std. He had no idea of what is to be done next and came to know about our Smart-T centre, Basin Bridge. During assessment process we understood that he had keen interest in technical field and also is a hard worker. He joined Electrical domain and completed his 6 months course. During the course span he put his effort and dedication whole heartedly and came out with flying colors.

After the completion of the course he was placed in MK Security solutions as CCTV technician with a monthly salary of Rs. 8500 at Bangalore. Now with his hard work and dedication he is promoted as supervisor for the Chennai branch with a monthly pay of Rs. 14000.

In Surya's words "This course helped me to explore my skills and interest and made me choose a successful career. I personally thank Tech Mahindra foundation and Don Bosco Vazhikaatti for creating such opportunities and empowering the youth".
