## My Dear Friends,

Wishing all our patrons the choicest blessings of the Risen Lord in this wonderful season just after Easter and the beginning of the New Financial Year!

What is the correlation between Easter and the new Financial Year? Easter is symbolic of the time when the Lord through many countless trials and tribulations brought about a cleansing – a refreshingly new order of change from the bleak and unclear past. Easter is a promise of Hope, a time when just as it was prophesized, He made all things good and new. Coincidentally, Easter was on the 1 st of April this year, the beginning of the new Financial Year which is also the time when institutions and individuals review the past year and look forward to the new Financial Year with renewed energy, where they seek to make good on all things, thereby bringing about a change for the better, just like the very need and purpose of Easter which teaches us that the crucifixion is always followed by the coronation. And all we must do to partake in this journey of making all things good and new is to consciously decide on being the change we want to see in the world.

We at Don Bosco Vazhikaatti live this ideal every day of our lives. We continuously ask of ourselves, What must we do to make life better for everyone who comes in union with Don Bosco Vazhikaatti?, be it students, their families, clients, funding partners, well-wishers, our staff members, even the society where we exist, especially the poor and underprivileged youth who come to us for guidance and whom we help unconditionally regardless of their religion, caste, colour, creed, gender, ethnicity, financial capability, etc. What gives us the motivation to do our best for everyone? The answer lies in the teaching of Don Bosco who said, “You are young, that is enough for me to love you”.

Almighty God has been merciful to us by giving us numerous opportunities to work with wonderful people. We extend our warm and loving gesture of gratitude to God by thanking everyone who has helped us along the way, our vision oriented Provincial and Vice Provincial, our dynamic Rector and Salesian community of Lourdes Shrine Perambur, the excellent Salesian (INM) Province, our valuable clients, our esteemed funding partners, passionate staff members, energetic students and loving well-wishers.

Let me conclude by praying that the Good Lord shower all of you with His choicest blessings and help you to become that wonderful person we are certain you are soon to be. May God bless each and every one of you. Have a great and successful New Financial Year.

Yours affectionately,

**Fr. Andrews Stephen Raj, SDB**

## BOSCO EMPLOYABILITY SKILLS TRAINING (BEST) PROGRAMME

A degree makes an individual eligible to apply for a job but to be successful in the role, he/she will need to demonstrate a range of flexible skills. Employers valued employability skills as the most important factor when recruiting graduates. Because the labour market is intensely competitive, and employers in private, public and the third sector are looking for people who are flexible, take the initiative and have the ability to undertake a variety of tasks in different environments.
