## Director's Message

Dear Friends,

Social media has transformed the way we communicate, bringing the world closer with instant connectivity. It enables us to share ideas, build relationships, and stay informed like never before. Businesses, students, and professionals benefit from its vast networking opportunities and easy access to knowledge.

However, the rise of social media also brings challenges. Face-to-face communication is declining, and misinformation spreads rapidly. Cyberbullying and privacy concerns are growing threats, making it crucial for us to use these platforms responsibly.

At Don Bosco Vazhikaatti, we emphasize the importance of balanced and ethical social media usage. While it is a powerful tool for learning and collaboration, real-life interactions and critical thinking remain vital. Let us harness the benefits of social media while staying mindful of its risks. Together, we can create a positive and responsible digital world.

Warm regards,

**Fr. Joe anand SDB**
