Panel Discussion

Panelist Mr. Mark

- 1 "What does 'transformation for excellence' mean in practical terms for today's corporate industry?"
- 2 What are the best practises to foster collaboration, communication, and leadership within teams to achieve better results in skill development, career guidance, and placements.

Panelist Dr. Gopi

- 1 What new initiatives have you introduced to improve student employability?
- 2 What steps can colleges take to align academic programs with evolving workplace requirements?

Panelist Mr. Badri

- 1 How can skill development programs be better aligned with evolving industry demands and job market trends to ensure young professionals remain competitive?
- 2 Can you highlight the new trends of Diversity and Inclusion

Panelist Mr. Jumbulingam

- 1 What role does attitude play in upskilling for excellence, and how do your employees overcome resistance to change and self-improvement?
- 2 How can organizations effectively identify and bridge skill gaps to align with evolving industry demands, and what role does continuous learning play in this transformation?

Panelist Mr. Mathews

- 1 What are the most effective career guidance strategies that help students make informed their career choices?
- 2 What initiatives can colleges take to promote student mental health and physical well-being in preparation for high-pressure corporate roles?

Panelist Mr. Murali

- 1 What role does AI play in shaping future-ready leadership skills among students and young professionals, and how can organizations ensure AI integration aligns with corporate values and long-term goals?
- 2 How can academic institutions and corporations collaboratively create sustainable mentorship and skill-building programs to uplift underprivileged students and employees, ensuring equal access to opportunities for excellence?
