Introduction

The Bosco Employability Skills Training (BEST) Program held on 13th March 2025 was a highly successful initiative organized by Don Bosco Vazhikaatti, Chennai, in collaboration with Don Bosco College (Arts & Science), Karaikal. The program was specifically designed for final-year undergraduate and postgraduate students to bridge the gap between academic learning and the practical skills needed in today's competitive job market. The venue for the event was the spacious and well-equipped Guezou Hall at the Don Bosco College Campus, providing an ideal environment for the various interactive sessions and workshops. Throughout the day, students engaged with trainers, learned essential career building strategies, and participated in sessions that provided them with the tools and resources needed to succeed in their professional journeys.

Target Audience

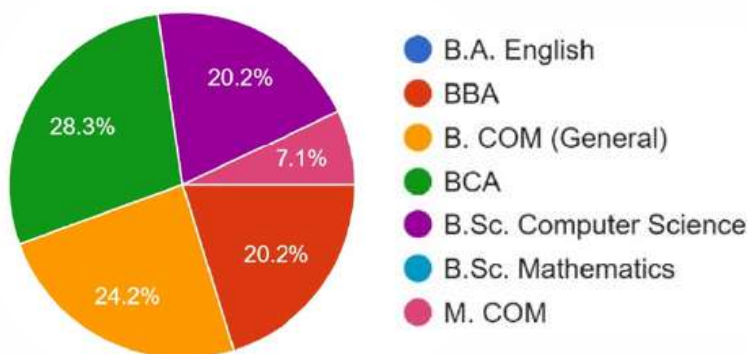

The target audience for the BEST Program were final-year undergraduate (UG) and postgraduate (PG) students, preparing to transition from academic studies to the workforce. These students, across various disciplines (BCA, BBA, B.COM, B.Sc. COMPUTER SCIENCE & M.COM, are seeking career guidance and employability skills to enhance their chances of securing jobs, internships, or further academic opportunities.

Pre-Registration

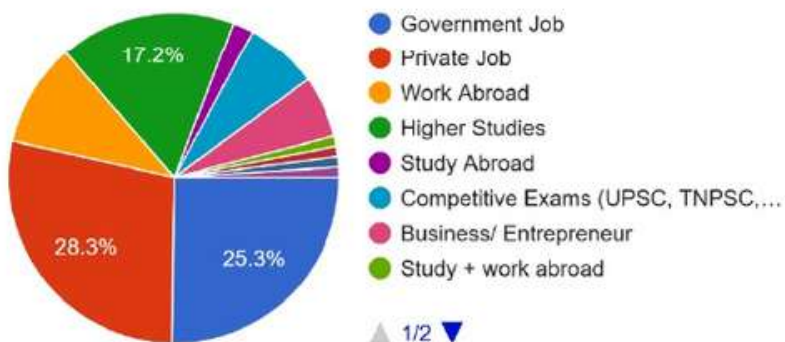

Before the program, 99 students pre-registered via Google Forms, indicating a high level of early commitment to the event. This pre-registration allowed the organizers to plan better for the event's logistics and ensured a smooth and organized experience for all participants.

Registration

A total of 120 students registered for the BEST Program, representing a diverse mix of undergraduate and postgraduate students from different fields of study.

Inaugural Session

Setting the Stage for Success

The program commenced with an inaugural session that set the tone for the day's activities. The session began with **Fr. Amalan, SDB**, the Correspondent and **Fr. Sathish, SDB**, the Principal of Don Bosco College, delivering inspiring speeches on opportunities to the participants. In their addresses, both Fr. Amalan and Fr. Sathish emphasized the significance of personal development, employability, and lifelong learning in the professional world. They encouraged the students to actively participate in the sessions, learn new skills, and use the insights gained to shape their future careers. Their motivational words created a positive and energizing atmosphere, preparing the students for the valuable learning ahead.

Session 1

Branding Self – Crafting Your Personal Identity (Mr. Leo Levin)

The first session of the day, titled "Branding Self", focused on helping students understand the concept of personal branding and its importance in today's professional world. Mr. Leo Levin, a renowned career strategist, delved deep into how individuals can shape and project their personal image, both offline and online. Mr. Levin illustrated how building a strong personal brand can enhance career opportunities, create lasting professional relationships, and help students stand out in the crowded job market.

Session 1

Branding Self – Crafting Your Personal Identity (Mr. Leo Levin)

He encouraged students to start by identifying their unique strengths and values, then strategically communicate these traits through personal interactions, resumes, and social media platforms. Through engaging discussions, students were taught how small efforts—like maintaining a professional online presence—can create powerful impressions and help them rise above the competition. This session was a major eye-opener, inspiring students to reflect on their self presentation and begin their journey of brand building.

Session 2

Importance of Resume |Leveraging AI for Modern Resume Building (Mr. Mohan Prem)

In the second session, Mr. Mohan Prem, an expert in career counselling, provided students with a thorough understanding of the significance of resumes and how they serve as a critical tool in the job search process. He emphasized that a resume is often the first impression a recruiter gets of a candidate and, therefore, must be compelling, clear, and concise. Mr. Prem gave students practical guidance on how to craft a well-structured resume and highlighted common mistakes to avoid.

Session 2

Importance of Resume |Leveraging AI for Modern Resume Building (Mr. Mohan Prem)

He also introduced several AI-powered resume building platforms, such as Canva, Resume.io, Zety, and Enhancv, demonstrating how these tools can help streamline the process and improve the quality of resumes. These tools provide customizable templates, AI-driven suggestions, and features that allow students to create resumes that are both professional and visually appealing. By the end of the session, students had a deeper understanding of the importance of a strong resume and were equipped with modern tools to create a standout resume that aligns with industry standards.

Session 3

Exploring Career Opportunities After College (Mr. Mohan Prem)

The afternoon session began with Mr. Mohan Prem addressing the broad spectrum of career opportunities available to students once they graduate. This session explored multiple avenues, providing insights on government competitive exams, higher education opportunities, internships, and scholarships. Mr. Prem gave a detailed breakdown of the State and Central government exams, helping students understand the structure, preparation methods, and eligibility criteria.

Session 3

Exploring Career Opportunities After College (Mr. Mohan Prem)

He also touched on the significance of internships and work experience, offering practical advice on how students could leverage internships as stepping stones to full-time employment. In addition, Mr. Prem highlighted a variety of job portals where students could search for opportunities and even find jobs specific to their field of study. He also provided information about scholarships and other financial aids that could support further studies. The session helped students broaden their career horizons, guiding them on how to choose the best path based on their interests and goals.

Session 4

Navigating Social Media & LinkedIn for Professional Growth (Mr. Leo Levin)

The final session of the day, led by Mr. Leo Levin, focused on the critical role of social media in career development, with particular emphasis on LinkedIn. Mr. Levin shared strategies for students to optimize their LinkedIn profiles, enhance their online networking, and use the platform to connect with potential employers. The session also covered the importance of maintaining a professional online presence across various platforms, and how to avoid common social media pitfalls. Students were shown how to tailor their online persona to reflect their professional skills and aspirations, ensuring they present themselves as attractive candidates to recruiters.

Valedictory Session & Feedback Collection

As the program concluded, a Valedictory Session was held where students were encouraged to reflect on what they had learned throughout the day. The session was interactive, with students sharing their thoughts on how the sessions had influenced their understanding of employability skills and their plans moving forward. A total of 86 students submitted their feedback via Google Forms, providing valuable insights into the success of the program. Most students expressed appreciation for the practical, real world advice provided by the speakers, especially the sessions on personal branding, resume building tools, and career opportunities. Many students also noted the value of learning about LinkedIn and social media management, which they believed would be directly applicable to their job search.

Feedbacks

Student Name	Department Name	In what way, th your future?	How was the trainers presentation and inputs on various skills/topics?	Your Suggestions and Expectations.

M.Ameera banu	B.C.A	The program was highly informative and useful	They teach very well and easy to understand	I want more information about interview
Vishwalekha P	B.C.A	Very knowledgeable	Very helpful	Very very useful and helpful knowledge, fulfilled

Post-Program Follow-ups

As part of Don Bosco Vazhikaatti commitment to ensuring ongoing student development, several post-program initiatives were outlined:

- **Career Insights Weekly Magazine:**

A curated newsletter featuring career tips, trends, and resources will be sent to students on a weekly basis.

- **Tele-Counselling:**

Personalized career counselling sessions will be offered to provide one on-one guidance to students in need of further assistance.

- **DBV WhatsApp Channels:**

Students will have access to dedicated WhatsApp channels for Job Alerts and EDU+ (Educational Opportunities), ensuring they are kept informed about relevant opportunities.

- **Don Bosco Job Placement Network (Jobs DBI app):**

A job placement app designed to connect students with job listings, internships, and recruitment events.

- **Training cum Placement Opportunities & Campus Drive (April 2025):**

A follow-up program that will culminate in a Campus Drive, offering students opportunities for placements and direct hiring from potential employers.

Conclusion

The Bosco Employability Skills Training (BEST) Program was a successful initiative, offering final year students' valuable insights into critical employability skills such as personal branding, resume building, and career exploration. Expert-led sessions helped students understand how to stand out in the job market, with a particular focus on leveraging AI tools, social media, and LinkedIn.

The program also provided guidance on government exams, higher studies, and job portals, broadening students' career options. With post-program support through career counselling, job alerts, and placement assistance, students are now better equipped to take on professional challenges and succeed in their future careers.

Acknowledgments

We would like to express our gratitude to all the trainers, instructors and who contributed their time and expertise to this program, as well as to the college management and career guidance placement cell for supporting this initiative. We also thank the students for their active participation, which made the program a resounding success.
