# Introduction

**Empowering Students for Career Success** In today's competitive job market, having academic knowledge alone is not sufficient to guarantee professional success. Recognizing the need to bridge this gap, Queen Mary's College (Autonomous), Chennai, in collaboration with Don Bosco Vazhikaatti (DBV), launched the Bosco Employability Skills Training Program (BEST) in 2016. This comprehensive 12 day program was designed to equip II-year postgraduate students with the essential skills required to thrive in the professional world.

The program aimed to enhance students' employability through practical training in key areas such as career planning, job hunting, professional communication, and personal development. By providing students with the tools and resources to navigate the job market with confidence, BEST aimed to prepare them for both current and future career challenges.

With a focus on hands-on training, expert guidance, and real-world application, BEST empowered 298 students to develop critical employability skills, offering them a competitive edge in their professional journeys. Through personalized learning experiences, the program has laid a strong foundation for students to embark on successful careers, equipped with the knowledge, skills, and networks needed to excel in the workforce.

# About QMC

The QMC is one of the oldest and most prestigious institutions for women in India. Affiliated with the University of Madras, the college has earned a reputation for its excellence in both academics and extracurricular activities. With a mission to empower women through education, Queen Mary's College offers undergraduate and postgraduate programs across various disciplines. The college is known for its commitment to nurturing students into competent, confident, and socially responsible individuals. With a rich history of academic rigor and holistic development, Queen Mary's College continues to provide a platform for students to succeed in their academic and professional pursuits.

# About DBV

Don Bosco Vazhikaatti, located in Chennai, is a career guidance and placement centre dedicated to helping young individuals enhance their employability skills and secure meaningful employment. As part of the Don Bosco Network, it aims to empower youth, particularly those from marginalized backgrounds, by providing personalized career counselling, skill development training, and placement services. The centre offers a variety of programs focused on improving communication skills, technical knowledge, and job readiness. It also collaborates with industries and companies to organize job fairs, internships, and training sessions, ensuring that participants are well-prepared to meet the demands of the job market. Through its efforts, DBV plays a crucial role in supporting youth in building successful careers and personal and professional growth.

# About BEST Program

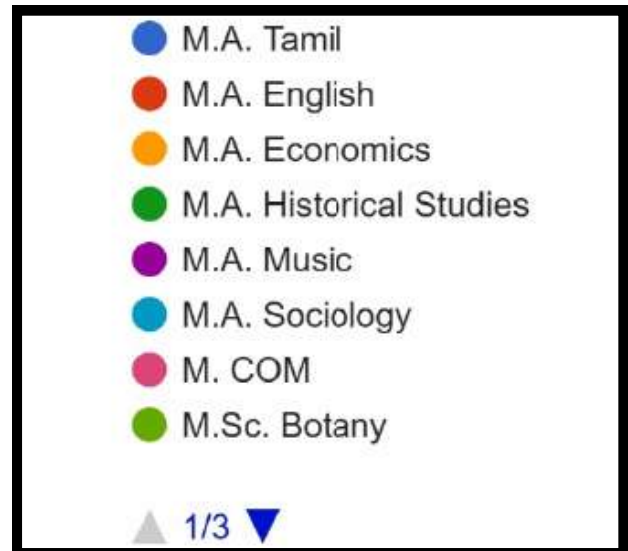

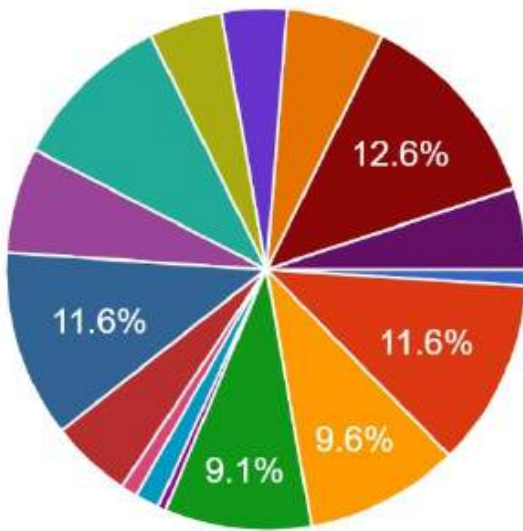

The Bosco Employability Skills Training (BEST) Program is designed to equip college students with the necessary skills required to thrive in today's competitive job market. The program addresses the key areas of Personal Skills, Social Skills, and Employability Skills, along with a dedicated Campus Recruitment Drive. By enhancing the students' knowledge and practical capabilities, the program aims to holistically improve their personality and career prospects. Through interactive training sessions and campus recruitment drives, the BEST program will empower students to project themselves as confident, employable professionals capable of excelling in both personal and professional realms.

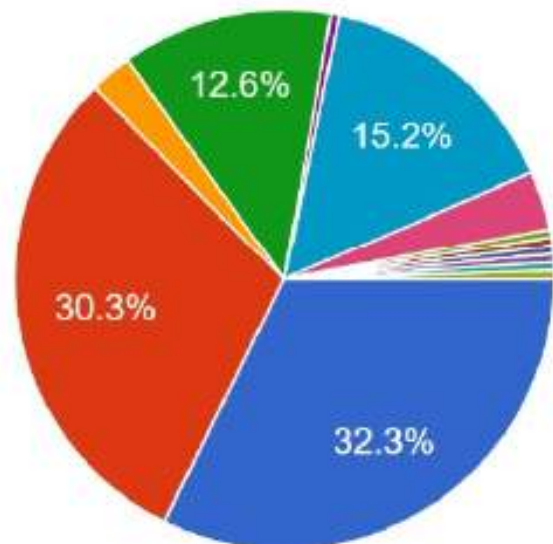

## Program Objectives

# Pre – Registration

What's the Career Plan after completing your PG Degree

# Program Structure

A Journey of Skill Enhancement The 12-day training program was designed to offer both theoretical and practical knowledge, ensuring that students were not only aware of key employability skills but also had the confidence to apply them. The sessions were conducted over two hours each day and focused on a diverse set of skills that are indispensable in today's competitive job market.

Date	Topic	Resource Person
12.02.2025	Employability Skills Intro & Importance	DBV Trainers
13.02.2025	Career Planning Process	DBV Trainers

28.02.2025	Job Networking (Job Portals)	DBV Trainers
03.03.2025	Mock Interview (Self Introduction Assessment cum Mock Interview)	Supported by Nirmaan Foundation Faculties (138 students benefitted)
04.03.2025	HR Interaction on Career Opportunities after PG	Fr. Joe Anand, sdb (Director DBV)

# Training Highlights

## 1. Employability Skills Intro & Importance

The program kicked off with an engaging introduction to employability skills, where DBV trainers explained the significance of soft skills like communication, adaptability, and problem-solving. These skills are crucial in enhancing students' prospects of securing meaningful employment. The session emphasized how these skills help individuals stand out in interviews, perform better on the job, and excel in team settings.

## 2. Career Planning & Job Hunting

One of the key sessions focused on the Career Planning Process, where students learned how to map out their professional goals and pursue the right career path based on their strengths and interests. Trainers also shared strategies for job hunting, including how to research companies, network effectively, and make the most of job portals. Practical techniques were covered, like tailoring resumes for specific roles and using social media professionally to increase visibility among employers.

## 3. Body Language & Personal Grooming

First impressions are vital, especially in professional settings. The Body Language session focused on how non-verbal cues, such as posture, facial expressions, and handshakes, can influence perceptions during job interviews and work interactions. Students were encouraged to practice positive body language for confident presentations. In addition, the Personal Grooming session emphasized the importance of professional attire, hygiene, and overall self-presentation, ensuring students look their best in any work environment.

#### 4. Professional Etiquette:

Telephone, Email, and Workplace Communication Students were trained in the nuances of professional etiquette, an essential aspect of career readiness. This session explored how to maintain professionalism in verbal and written communication, including telephone etiquette (how to communicate effectively over the phone), email etiquette (drafting formal emails), and overall workplace communication. Real-life scenarios helped students understand how to handle different professional interactions with courtesy and confidence.

#### 5. Resume Preparation & Interview Process

One of the most practical aspects of the program, the Resume Preparation workshop provided students with step-by-step guidance on creating standout resumes tailored for specific industries. Emphasis was placed on the importance of customizing resumes, highlighting key achievements, and structuring content in a clear and concise manner. The Interview Process session delved into how to answer common interview questions, craft compelling stories, and handle tough situations in interviews, such as dealing with gaps in employment.

#### 6. Group Discussion & Job Networking

As part of the Group Discussion session, students participated in role-plays and discussions, learning how to express ideas, listen actively, and work collaboratively in group settings. The ability to perform well in group discussions is often a determining factor in recruitment processes. Additionally, Job Networking was covered in a separate session, where students learned how to leverage job portals, LinkedIn, and other digital platforms to expand their professional network and discover new opportunities.

**7. Additional Workshops on Job Market Trends & Interview Techniques** To keep the content fresh and relevant, a special session on Job Market Trends was included. This covered emerging sectors, the skills in high demand, and how students can position themselves for success in future job markets. Another hands-on session allowed students to participate in mock interviews with real-time feedback, giving them an opportunity to refine their responses and demeanour before actual interviews.

#### **8. Mock Interviews:**

Real-Time Experience & Valuable Feedback On March 3rd, 2025, the program hosted a Mock Interview session. This provided students with an invaluable opportunity to simulate a real interview scenario, where they were assessed on their self-introduction, communication skills, body language, and overall professionalism. The mock interviews were conducted by trainers and experts from Nirmaan Foundation, offering personalized feedback to 138 students. These interviews allowed students to refine their responses, gain confidence, and identify areas for improvement before facing actual employers.

#### **9. HR Interaction:**

Exploring Career Opportunities Post-PG The BEST program's final session, held on March 4th, 2025, featured an interactive HR Session on career opportunities after completing a postgraduate degree. Fr. Joe Anand, sdb, Director of Don Bosco Vazhikaatti, provided insights into the various career paths available to postgraduates. He discussed opportunities in central and state government jobs, including UPSC, SSC, TNPSC, and RRB exams. Students were also informed about internship schemes, scholarships, and how to utilize job portals for career advancement.

The program received positive feedback from 182 students, who expressed how practical and insightful the training had been. Many students noted how the program made them feel more confident about job hunting and prepared them to face interviews with improved skills.

# CONCLUSION

The Bosco Employability Skills Training Program (BEST) proved to be a transformative experience for the students of Queen Mary's College. By combining theoretical knowledge with practical applications, the program ensured that students not only understood the value of employability skills but also gained confidence in using them. From resume writing to mock interviews, HR interactions, and ongoing support, BEST has equipped students with everything they need to succeed in the professional world. Through a series of insightful sessions, hands-on workshops, and real-world guidance, BEST has empowered these students to face the challenges of the job market head-on, setting them up for success in their careers.
